step-by-step

1. Review the **MicroZone® treatment consultation card** and ask any additional pertinent questions.
2. Cleanse with **Skin Resurfacing Cleanser** and remove with a warm steam towel.
3. Perform zone specific **Body Mapping®** skin analysis and look for any cuts, abrasions, or sun damage on the hands.
4. Exfoliate with **Multivitamin Power Exfoliant** (option of steam, if available)
5. Remove with dry gauze and cleanse with **Conditioning Body Wash** and **The Ultimate Buffing Cloth**. Remove with a warm steam towel customized with **Botanical Mixer**.
6. Dip the hands into a warm paraffin bath, place them in plastic liners and finish with toweling mitts.
Option: apply **Multivitamin Hand and Nail Treatment** or **UltraRich Body Cream** to the hands prior to dipping them in the paraffin bath.
7. Remove with mitts, liners, and paraffin. Apply 1 drop of **Multivitamin Power Serum** to the hands. Follow with **Multivitamin Hand and Nail Treatment** alone or customized with **Solar Defense Booster SPF50**.
Option: customize with **Protection Sport 50**
