step-by-step

1. Review the **MicroZone® treatment consultation card** and ask any additional pertinent questions.
2. Spot cleanse the lips using Soothing Eye Make-Up Remover or PreCleanse.
3. Perform zone specific **Face Mapping®** skin analysis and look for comedones and microcomedones.
4. Exfoliate with **Daily Microfoliant®** with fingers or electric brushes
5. Rinse with warm esthetic wipes or damp cotton.
6. Apply **AGE Smart Complex™** with **MultiVitamin Power Recovery® Masque** in a jelly cup, apply with a masque fan brush. Dampen a face gauze with **Antioxidant HydraMist** and place over the mouth and lip area. Mix up **Contour Masque** as directed and apply over gauze.
Option: Use galvanic or microcurrent with masque and omit face gauze and **Contour Masque**
7. Rinse with warm esthetic wipes or damp cotton and spritz with **Antioxidant Hydramist**
8. Apply **MAP-15 Regenerator®** and **Dynamic Skin Recovery SPF30** around the mouth, finish with an application of **Renewal Lip Complex** to lips.
