## start earning today with our new affiliate programme

Some of you will have had the chance to see Sally Penford's video on our Dermalogica UK & IRE Professional Facebook page or via YouTube, telling you about some of the steps we are taking to help safeguard your businesses. A few of these measures include extension of payment terms and postponing of our price increase.

An Affiliate Programme was alluded to and the team behind the scenes have worked tirelessly to pull it together in a few short days, ensuring we can give you the opportunity to earn some additional income during this period of uncertainty. We are pleased to now be able to share these details with you.

Our first ever Affiliate Programme for our Professional Skin Therapist, can earn you **25% commission\* on the RRP of retail products** (ex VAT) brought by your clients through the [Dermalogica.co.uk](https://www.dermalogica.co.uk) website. Your client will also receive a complimentary travel size on any order when purchasing full-sized product. We take all the admin and extra costs, meaning you don't need to hold stock or cover postage.

To activate this for your business, simply follow these 3 easy steps:

### STEP 1

[CLICK HERE](#) to opt-in to the Affiliate Programme and complete the Form with your details, so that we know where to send your money at the end of each week\*.

### STEP 2

Once submitted, you will then receive an email (within 48 hours, Monday to Friday) specifying your **UNIQUE CODE** that can then be shared with your clients. Make sure, **and this is the important bit**, that you let them know they will need to apply the code at checkout for you to earn your commission.

### STEP 3

If you can, keep track of who you have shared your code with. We will issue you with an invoice weekly, so you know what commission income is expected into your chosen bank account.

### NOTE

Since this is something we haven't done before, we'd like to keep it as simple as possible so please ensure you protect your code and you keep it safe, within your own client community. If we find codes going rogue, we may have to cancel that specific code. Remember this is designed to help you earn, perhaps even while you sleep.
