# clears breakouts + visible signs of premature skin ageing

---

In today's world, chronic stress, hormonal changes, lifestyle and environment can lead to congestion, acne and uneven skin tone, making skin look older than it really is.

## **NEW AGE bright clearing serum**

works on a whole new level to help prevent breakouts and reduce signs of skin ageing.

## **NEW AGE bright spot fader**

is a two-in-one brightening spot treatment that reduces the appearance of active breakouts and post-breakout marks.
