skin brightening edit

PART 3

brighter skin with self-care

Another way to achieve healthy, glowing skin is to encourage your clients to focus on their skin at home. Taking some much-needed timeout for some self-care can help achieve balance in often busy lifestyles. From Mindful Masking to Target and Treat and Hydrate and Protect, the list is endless.

tribe success stories

I had a new client contact me before Christmas with one of the Dermalogica Skin Health Treatment Campaign vouchers, looking to book in for their 60-minute treatment. It was brilliant!

The client is a big Dermalogica fan and went onto purchase retail from me and even rebooked their next treatment.

Plus I get the £70 credit on my account. This is the first Treatment Campaign voucher I've received and I'm glad I took part. I hope I get more of them through. ”
